SUFFRAGE FOR DISTRICT URGED

Petworth Citizens Indorse Oyster Plan for Governor and Ten Commissioners.

BACK WOMAN SUFFRAGE

Association Also Wants Residents to Have Delegates in Both Branches of Congress.

The oyster plan of suffrage in the District was approved by the Petworth Citizens' Association at a special meeting last evening at Petworth M. E. Church. This plan provides that the Commissioners shall be substituted by a governor of the District and ten Commissioners, five of whom shall be chosen by the voters and five named by the President.

One amendment to the plan was a recommendation that a constitutional amendment be adopted by the States giving all residents of the District over 21 years of age the right to vote for the President and Vice President, as well as for Senators and Representatives from the District.

W. W. Chase, who was one of the most vigorous opponents of the plan, declared that the people of the District do not want a half-and-half plan for their votes similar to the half-and-half plan for the financial upkeep of the District. Mr. Chase opposed woman suffrage, but it was carried with only a scattering of the members voting with him.

All the speakers lauded the plan of full suffrage for the District, especially as it is provided for in the Chamberlain bill now in the Senate. But E. W. Oyster, the author of the governorship plan, declared that it will be many years before Congress and the States can adopt it. Wherefore, he argued, it would be better to have the governor and ten Commissioners devote their time to the needs of the District until full suffrage can be secured.

J. C. Suter declared that any step in the direction of suffrage, no matter how restricted it might be, should be taken by the District.

"Mrs. James is opposed to woman suffrage, while I am for it," President C. J. James of the association, in his address which closed the speaking by the members.

COMMANDER ERNEST DICHMAN IS BURIED

Last Rites Conducted for Civil War Veteran and Former Minister to Colombia.

Lieut. Commander Ernest Dichman, a civil war veteran, who resigned from the navy in 1871, and died in New York City last week, was buried in Arlington yesterday with military honors.

Commander Dichman was born in Wisconsin and appointed to the Naval Academy from that State in September, 1869. He was graduated in an advance class in May, 1869, when he was commissioned ensign. He served as flag lieutenant on the staff of Rear Admiral Dahlgren in the civil war. He won rapid promotion and reached the grade of lieutenant commander in 1888, resigning in 1871 to take up the practice of law in Washington.

In 1878 President Hayes appointed him Minister to Colombia on the eve of the Panama Canal project. He retired from the diplomatic service in 1883, and resumed the practice of law in New York City, continuing in active practice until his death. He leaves a widow, two sons, and a daughter. The eldest son, Grattan Colley Dichman, is a lieutenant in the navy. The daughter is the wife of First Lieut. T. H. Bane, Sixth Cavalry, U. S. A. Ernest Dichman, an electrical engineer.

LAST RITES TODAY FOR JESSE W. LEE

Past Grand Master of District Grand Lodge of Masons Will Be Buried in Rock Creek Cemetery.

Funeral services for Jesse W. Lee, past grand master of the District Grand Lodge of Masons, who died Monday night, will be held this afternoon at 2 o'clock in St. Steven's Episcopal Church. Interment, with Masonic services, will be in Rock Creek Cemetery.

Mr. Lee, who was 53 years old, died from infirmities of age. It also is believed a fall he suffered at the Lincoln memorial last fall was a contributory cause of death.

Mr. Lee, who lived in the Carleton apartments, was one of the most active and best known Masons in the District. He was born in Maryland in 1853 and served in the navy several years prior to the civil war, in which war he rose to the rank of captain. He removed to Washington in 1896 to accept a clerkship in the War Department, which he held until a few months before his death.
